

In Their Shoes, shopping list for 2 people

Worcester Foodbank offers a nutritionally balanced food parcel containing mostly tinned or packet food as it is possible to store these items until required. To take part in this campaign, you may wish to swap long-life products with equivalent fresh items (but please ensure that food you donate is long-life).

In addition to the products listed below, you can also use store cupboard basics such as salt, pepper and spices and include a small loaf of bread and small tub of butter/spread.
